CLARE VALLEY

To ensure your stay with us is both relaxing and comfortable, we ask that you take the time to read the following.

Breakfast provisions are in your fridge, including milk and juices. An assortment of cereals, tea, coffee (instant or plunger) and biscuits are also provided on the shelf above the stove.

We have supplied a selection of cooking utensils, cutlery and crockery for your use, with a microwave, electric frying pan and stove at your convenience. Should you wish to fire up the communal BBQ, please ask at cellar door.

In the cupboard under the sink, there are candles and a wind-up torch (should there be a power blackout). Also personal insect repellent and fly spray.

Your bed is fitted with an electric blanket. Two towels are provided per person, but should you need more linen or access to the laundry, please contact the staff.

Next to the fire you will find paper, kindling, firelighters and matches. When you arrive, the fires are set ready to be lit. Additional wood for the duration of your stay is in the half barrel on the verandah. The barrel is locked but can be easily accessed using the small key on the ring with your room key. The air conditioner is reverse cycle.

A hair dryer, basic sewing kit, disinfectant and band aids are in the bathroom cupboard.

Please enjoy the complimentary bottle of Reillys Sparkling Riesling chilled in the fridge. If you would prefer a red or white still wine, feel free to “swap” at cellar door.

We trust you will enjoy your time with us here in beautiful Mintaro. Thank you for booking with Reillys.
