CLARE VALLEY

Our Philosophy

The Clare Valley is famed for its Rieslings, Shiraz and Cabernets - what differentiates the Clare from many other Australian wine regions are the dry, hot summer days and cool, crisp nights which contribute to the intensity of the flavours in Clare Valley fruit.

Our philosophy is to produce low volumes of premium, hand-made wines from this unique fruit.

Our wines are very enjoyable in their early years and will richly reward those with patience, showing their best with 5-10 years maturation in the bottle.
